2017-2019

We are proud to have 17 years of local testimonials to share with you

Even more rewarding is that we enjoy doing repeat builds for many of our clients which is a wonderful reflection of the relationship we build with our home owners through the build process.

Importantly, our homes are finished to the same quality as our show homes and when the homes are sold on by home owners the sale price for an Ultimate Home reflects the value invested in quality that comes from the reputation of Ultimate Homes. Many of our clients have built two homes with us and a few have had built three new homes or more.

Vicki + Greg Leopold

“We loved the finishes of the workmanship and style of the Show Home at the Lakes, then after meeting David Bagley (Salesman) and the knowledge he had of the area we felt really comfortable that Ultimate would provide what we wanted with our budget allowance and on time. They sure enough did and we went back for our second build on that basis.

Vicki & Greg keep you ahead of the build process very well and are very organized. Communication flowing in both directions is important and I love the fact Vicki always had a great attitude 'nothing was a problem' when communicating with us.

Thanks again Vicki & Greg again we are so impressed with the final product and can't thank you enough for the time, expertise, care and attention to our projects.”

Jules & Mark Butler

2nd Ultimate Home build
Papamoa

“ We initially discovered Ultimate Homes through visiting their show home and were impressed by the quality of the build that we saw. This was backed up by discussions with previous clients who had been very happy with the build quality and professional relationship that they had experienced.

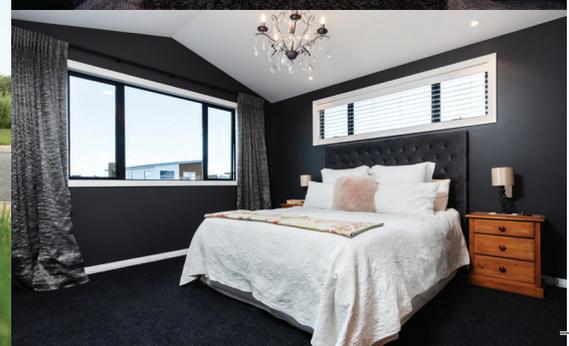

Vicki & Greg are very transparent in their building process, in the costs involved and the time frames building may have. We liked the fact it is a family run local business and that Greg project manages each build therefore knows each job inside out. Our initial feelings were that Greg & Vicki were very genuine people and this feeling proved to be very accurate.

As first time home builders we were aware that we would need lots of support and input from Greg & Vicki and they were nothing but fabulous to deal with.

We couldn't be happier with our decision to build with Ultimate Homes and would absolutely recommend them without hesitation to anyone wanting to build a quality home with an experienced, professional company.”

Leanne & Tim Willson

1st Build experience, Papamoa

For the first build with Ultimate we were recommended by family. Our second build with Ultimate happened because we were so happy with the first. David Bagley (Salesman) was also very responsive and provided a very good introduction to the Ultimate team. We built both our houses while living in another city so required a great deal of trust on our part.

We would have no hesitation in recommending Ultimate Homes on that basis. They have in place all the support pieces necessary to make the process as painless and enjoyable as you want to make it.
